LEVEL TERM-LIFE INSURANCE

Get Affordable Protection—Term Life Insurance

Traditional term life and whole life policies can be complicated, with rate increases every year after the term. We're making it easier for you to plan your financial future by avoiding surprises.

How it Works

Term life insurance is the most straightforward form of protection. You generally pay premiums on a monthly or annual basis and your family is protected for that term. New Providence Life Insurance Company Limited offers a variety of affordable term life insurance products to fit your needs, time frame, and budget.

- *Help provide for a family's loss of income*
- *Cover short-term debts and needs*
- *Provide additional insurance protection during the child-rearing years*
- *Provide long term protection to help your family pay off a mortgage or to help pay for college*

We are now offering several options to choose from:

- *10 year term*
- *25 year term*
- *Term to age 80*

What makes our plans different?

- Prompt underwriting.
- The death benefit and premium will remain level for the specified term of the policy.
- When the term ends, the premium will remain the same and the policy will remain active with a decreasing death benefit amount.

Optional Cash Value Benefit

Enhance your life insurance policy by adding the cash value benefit. This affords a return of a percentage of premiums paid once the policy has been in effect for a minimum of ten consecutive years. For example, after the 10th anniversary of the policy, if you surrender your policy at this time, you will receive 40% of premiums paid.

Why is life insurance so important?

What would happen if you weren't around to ensure your family's financial obligations? Life insurance can help make sure their financial needs are taken care of long into the future.
